Save the Children.

Ninety-nine of every 100 diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach sweet. Sold by all druggists.

A Much-Wanted Witness.

W. N. Nickell, deputy sheriff of Wolfe county, was in Jackson Wednesday of this week looking for Henry Freeman, who was then at Cynthiana as a witness in the Jett-White case. Freeman is wanted as a witness in the case of the State against one Wilson, charged with the murder of Nickell and the notorious Gordon Wells about a month since, in Morgan county, an account of which appeared in these columns at the time.—Jackson Hustler.

Evidently Purcell is meant instead of Wilson.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality when burns, sores, ulcers and piles threaten. Only 25c. at all druggists.

George Dyer informs us that he will have in a stock of fancy family groceries this week.

People and Things of Interest.

From the Jackson Hustler?

Miss Effie Elkins, of Lane, Wolfe county, was visiting in Jackson during the past week.

Uncle Ben Bigstaff returned from Lexington Monday, where he went to be treated for stomach trouble under Dr. McClymonds, of that city.

Hannibal Hurst, of Campton, arrived in Jackson Sunday from Louisville and Southern Indiana, where he had been visiting for a few weeks.

Dr. J. A. Taulbee, a witness in the Jett-White case, being tried in Cynthiana, came to Jackson Sunday to attend the funeral of Goodloe Combs.

A Novel Cookery Paper.

The Mystery Luncheon in the Delineator for September is an amusing account of the discovery of the culinary accomplishments of one of a party of bon vivants, who professed to be an adept in the art of cookery. Incidentally, the "Man of Mystery" introduces some courses that are proclaimed the perfection of culinary art by his appreciative guests. Along with the story the recipes of the various preparations are given, so the paper is of practical value as well as exceedingly interesting.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

+Announcements+

For Commonwealth's Attorney.
We are authorized to announce A. HOWARD STAMPER as a candidate for Commonwealth's Attorney Twenty-third Judicial District, subject to action of the Democratic Party.

From present indication the case of Jett and White, on trial at Cynthiana for the murder of James B. Marcum will result in a verdict by Saturday night. The evidence has all been heard and two or three of the six speeches to be made for the prosecution and for the defense alike have been delivered. Judge Fulton French, of French-Eversole feud fame, opened for the defense, and his line of attack was the character of Capt. B. J. Ewen, the state's star witness, whom he vilified in the most vindictive and vituperative language he had at command. He pictured him as a man of no character nor morality; absolutely unreliable and a man with a black heart. Judge French was followed by J. Stanley Webster, county attorney for Harrison county, who spoke for the prosecution. He denied that the prosecution had coached its witnesses, as alleged by French, and said that had not French's heart been as black as the cess-pools of hell he would not have conceived the idea. In return for the abuse of Ewen by French, Mr. Webster showed the state's witness to be the embodiment of all that was noble. He pictured his heroism in standing up for the right, even though death seemed the penalty. His arraignment of Judge Hargis and Sheriff Callahan, whom he accused as the prime movers in the matter, was bitter in the extreme. He said that in the courts of heaven they stood indicted for this crime, and that the fires of hell reflected the guilt in their faces. Judge Lafferty followed for the defense, and he, too, poured hot shot into Ewen, whom he vilified as much as it were possible, picturing him as a perjurer and liar; he said no confidence could be placed in him, and warned the jury not to weigh his testimony. Tom Marcum, of the Indian Territory, a brother of the murdered man, then followed for the defense, and in a calm, impartial manner he reviewed the evidence and appealed to the jury to avenge the murder of his brother. He said he did not come here to abuse any one,

but to get justice. Mr. Fryer and Mr. Byrd are yet to speak for the prosecution, and Mr. Black for the defense.

The verdict of the jury in the Purcell case at West Liberty last week is considered by many as an outrage upon society; a travesty upon justice, and a disgrace to civilization. The idea of sending a man to the penitentiary for only 20 years, when the evidence showed that he had not only murdered two men in cold blood, one of them without a weapon, but had robbed them as well, is beyond the comprehension of all law-abiding citizens. Is human life held so cheap in Morgan county, is the question now paramount to all else, and they want to know the men who hold it so cheaply. In response to a general request for the names of the jurors who tried the case we herewith publish them:

Jeff Dixon, Kirby Williams,
C. A. Mullins, Thos. McGuire,
Willie Pelfry, Cal Howard,
Willis C. Pugett, Jas. McClain, Jr.,
Peter Fanin, Jas. T. Caskey,
Jeff C. Barker, Lefe Day.

THE announcement of A. Howard Stamper for Commonwealth's Attorney, though scheduled to appear at the head of our columns last week, did not arrive until this. But the oversight was our own, and was due to a press of work. Mr. Stamper meantime is fixing his fences and just now it looks as if he is sure to be the nominee. THE HERALD last week mentioned his eminent services both to the party and to the public, and at such length that this week we can think of nothing appropriate to say. However, it is well to keep Howard's candidacy in mind, for whether he has opposition for the nomination or not, he is in to stay until the count is made. He wants the nomination, and the nomination he is going to have, and then he is going to be elected. So you can put that in your pipe and take a whiff.

Seneca X. Has Tried Everything.

The Hon. Seneca X. Swimme, who is at present making his headquarters at Hamlin, W. Va., has announced that hereafter he will be a Republican. He is making arrangements to publish a Republican paper at Hamlin, the town in which he has been running a Democrat paper for a number of years. Swimme has tried everything else in the world but being a Republican. We hope he has at last found what he has been looking for for a number of years. He will be remembered as being in Paintsville for quite a while, and at one time was editor of a red hot Democratic paper in this town, besides stumping the county several times in the interest of the Democratic candidates. It is hoped that he will prove out to be as good a worker in the Republican ranks as he was in the Democratic, and we are sure he will make no more changes, as he has been everything else in the world. Here is to you, old boy; may you find that the change is what you have needed for a number of years. Come up and make us some Republican speeches.—Paintsville Commercial

In Which He Tells About New Dormitory, Who Will Run It, New Music Teacher, &c.

WEDONIA, Ky., Aug. 15, 1903.

Spencer Cooper, Hazel Green, Ky:
My Dear Sir: Since leaving Hazel Green for a few weeks' visit, my thoughts and efforts have been in behalf of Hazel Green Academy.

I am sure all the people will be glad to know we are to have a boarding house for our pupils. It will be of modern style and fitted with modern equipments; will accommodate possibly more than 100 persons, and will be ready for occupancy by January 1st, 1904.

I am also sure that all the people will be glad to know that Bro. H. J. Derthick will be added to our faculty as principal of the ministerial department, which is to be a feature of our work hereafter.

We have secured Miss Pearl L. Roush, student of the College of Music, Cincinnati, of Mt. Vernon, Ohio, as our music teacher. All will be pleased with her.

We have also secured Miss Estella Short, of Lexington, to take charge of our boarding department. She will be in Hazel Green on the 25th inst., and will have all things in readiness for the opening of the school on September 1st.

Now, as we are to have all these good things, will not the parents in Hazel Green and the adjacent vicinity have their boys and girls ready to enroll on the opening day? Many pupils from a distance will be there, as we judge from present indications.

Truly, &c., Wm. H. CORD.

"Dinner on the Ground."

Presiding Elder C. F. Oney requests us to say that the new Methodist church at Caney, Morgan county, will be dedicated on the fifth Sunday in this month, August 30th, and further says that he expects the presence of Revs. J. J. Dickey, W. L. Tyler, E. K. Pike, W. B. Ragan and Johnson Adams. The meeting will begin on Friday, and on Sunday there will be a big basket "dinner on the ground," and the saints and sinners are sure to rally 'round. It will be an era in that locality that the people of "Pin-Hook" will ever after point to with pride.

DeWitt Is the Name.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure, unadulterated witch hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by all druggists.

Funeral of Wiley C. Perkins.

The funeral of Wiley C. Perkins will be preached on the first Sunday in September, which falls on the 6th, and Prof. Cord and Dr. Center will officiate. The grove at the Frank Johnson school house will be the place, and dinner will be prepared for all who attend. Mr. Perkins was very popular, and no doubt every one who can do so will be present to hear these tributes to his memory.

A Dastardly Deed.

George Dyer tells us that old Granny Combs was knocked in the head on Sunday, and that Monday morning she was said to be in a critical condition. It appears that Kelly Jordan and wife, and others perhaps, imposed themselves upon the old woman and ate up about all she had in a by no means liberal larder, and when the old woman protested Kelly, her grandson, picked up a piece of iron and hit her in the head, knocking her into insensibility. He and the others of the impostors then left, not remaining long enough to ascertain the extent of her injury. Old Mrs. Combs is raising four grandchildren, three boys and a little girl—the orphans left by George Coldiron and wife—and one of the boys ran to Oscar Cecil's, the nearest neighbor, to get a gun to shoot Jordan, but failed to get it, and thus the would-be matricide made his escape with a whole skin.

Nice Place For Young Lady.

We want a young lady to live in our family and learn type-setting in THE HERALD office. To any one dependent upon her own exertions, say from 15 to 18 years of age, this a golden opportunity, and far better than school teaching. While the wage at first is very small, it will in the end fit one to earn a continuous competency, and it is possible to attain a perfection that will command a salary of \$25 to \$50 per week. The work is clean, light, elevating and, above all, so fascinating that "once the fingers are stained with printers' ink" one will reluctantly relinquish the work, if at all.

Shall We Light Up With It?

Drilling was suspended on the Caskey well yesterday afternoon owing to the presence of gas, which flowed in such volume as to render work extremely hazardous. The engine, which was about 60 feet from the well, was set back some 60 feet further, and by this move they hoped to eliminate the danger from fire. When they stopped drilling yesterday they had passed through the black rock and entered the flint, or sand rock the depth of a foot and-a-half. The gas is of such force that it can be heard roaring for a quarter-of-a-mile. Should the Hazel Green Oil and Gas Co. fail to produce oil in this particular well, and the quantity of gas warrant it, the company will be urged to pipe it to Hazel Green for lights and fuel.

A Narrow Escape.

Clarence Blankenship had quite a narrow escape from death Monday. He and Burnie Finch and others were loading a saw log 24x10 feet, and in trying to get it on the skids on a hillside he in some way was thrown down face foremost and head down hill, when the log rolled upon and over him from the small of his back over his head. A two-inch sapling was bent down by the weight of the log, and lying parallel with Clarence, eased the weight off of him, which was all that saved him. He is a little sore but otherwise unhurt.

Potent Pill Pleasure.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pills I ever took and at the same time it affected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by all druggists.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Thedford's Black-Draught should be used.

Your Truest, Best Friend.

If it were not for the town paper you would be forgotten. Your success, your sorrow would be drowned in a horse pond of oblivion. Your next door neighbor would not know that you had made a sale of property and that it had swelled you up like a poisoned pup. If it were not for the town paper people would not know that you existed, and care less. When you walk up town, feeling that the earth could not get along without you, that the stars would cease to shine, just remember that if no one else recognises your importance the reporters are awed by your majestic tread, your sublime presence. Others may deceive you, tell you that they would like to buy you for what you are worth and sell you for what you think you are worth, but the town paper will stand by you, notice your coming and going, and make you feel as though you amounted to something when you do not. Always remember the town paper.—Unidentified.

A Popular Resort.

Nelson Nickell, who was at Torrent on Sunday, says that while he was there two excursion trains—one from Louisville of 11 coaches, and the other from Lexington, perhaps, with 10 coaches, all filled with people, arrived there. Many of the excursionists had their baskets of edibles with them and had "dinner on the ground," but a telegram from one train en route ordered dinner for 35, and a message from the other train called for 45 table d'hôte dinners. Neise says the people looked like a sea of human beings, and they scattered over the grounds pulling wild cucumbers, ferns, &c., like a lot of children at play.

Crippled by Typhoid Fever.

Mrs. Amos Graham, of Breathitt county, was brought to Lexington on the 6:05 L. & E. train yesterday evening and was taken to the St. Joseph's Hospital. Mrs. Graham suffered from an attack of typhoid fever, which settled in her limbs, wholly depriving her of the use of those members. She is a very young woman and before her marriage was a Miss Rose, of a very wealthy and influential family of Wolfe county.—Lexington Herald, Aug. 15.

The District Meeting.

A great many people from this place attended the district meeting of the Church of Christ, held at Salem Friday, Saturday and Sunday, as announced in THE HERALD last week. Nearly all the churches in the district were represented, and on Sunday the crowd in attendance was estimated at 800. The best of order prevailed and the dinner on the ground was a big success, all of the vast multitude being fed.
